

■ Azure Storage Services

- Azure Blob Storage
- Azure File Storage
- Azure Storage Accounts

■ Microsoft Azure Storage (Other Microsoft Azure Storage)

- Azure Data Lake Storage Gen2 (ADLS Gen2)
- Azure Cosmos DB (NoSQL)
- Azure Databricks (Data Lake Analytics)
- Azure HDInsight (Hadoop)

■ Azure

- Azure Storage is a cloud-based storage service that provides a secure and reliable way to store and access data in the cloud.

■ Introduction to Multiscale Computational Mechanics

- Scale transition & multiscale modeling
- Modeling multiscale material behavior

■ Introduction to Multiscale Modeling

- Different scales of length & associated scales
- Integration of multiscale models into multiscale modeling
- Different modeling approaches
